

APPLYING FOR A SCHOLARSHIP WITH CICF

WHAT IS CICF?

CICF is an acronym for the Central Indiana Community Foundation. We are a 100-year-old community foundation with two affiliates, The Indianapolis Foundation and Hamilton County Community Foundation. Our mission is to mobilize people, ideas and investments to make this a community where all individuals have equitable opportunity to reach their full potential - no matter their place, race or identity.

CICF manages more than 100 scholarship funds with awards ranging from \$500 to full tuition. These scholarships can be used at an accredited college, university, technical, vocational or trade school, helping you overcome financial obstacles that stand between you and your academic dreams.
