AP Biology Summer Assignment

Reading Assignment:

- The Serengeti Rules: The Quest to Discover How Life Works and Why it Matters (2016)
By Sean B. Carroll
Princeton University Press
ISBN: 978-0-691-17568-3
- Available for purchase from [Amazon](#) and [Barnes & Noble](#)
- Available on loan from the [Indianapolis Public Library](#)
- While this is available as an audiobook, we highly recommend having a physical copy of it in front of you for the graphs, diagrams, and images.

Written Assignment:

Read the book and answer the following questions for each chapter in a typed document:

1. Briefly explain what you think is the main scientific concept in each chapter.
2. Describe one concept that surprised you in each chapter. Be sure to include why it surprised you.
3. List at least one question that the information given in the chapter inspired. If you have many questions, list all of them! 😊

Due Date

Your notes will be due on Monday, August 31 and will be used to stimulate classroom conversation as well as future assignments throughout the year.

Questions?

Any questions you have can be directed to either of the course teachers, Mrs. Hatfield (hhatfield@brebeuf.org) or Ms. Sutton (jsutton@brebeuf.org).
